

VUDDANDI CHARAN TEJA

AWS & DevOps Engineer

+91-8500245300 @ Vuddandicharanteja142@gmail.com Nellore, AP

EDUCATION

B.Sc. Computer Science Rao's Degree College, Nellore 2019 - 2022	% 60 / 100
Intermediate Mpc Prathibha Jr College, Sullurpeta 2017 - 2019	% 60 / 100
SSC Zpph high school 2016 - 2017 Tada	% 60 / 100

PROJECTS

Multi-Tier E-Commerce Web Application

- Designed and deployed a 3-tier AWS web application using EC2, RDS, Load Balancer, and Auto Scaling. Configured S3 and CloudWatch for storage and monitoring to improve scalability and application performance

Batch Data Processing System

- Developed a cloud-based batch processing workflow for handling large datasets using AWS services. Stored processed data in DynamoDB and S3 with monitoring support through CloudWatch

CI/CD Pipeline for Web Application

- Built a CI/CD pipeline using Jenkins, Docker, GitHub, and AWS to automate build and deployment processes. Improved deployment efficiency through automation and continuous delivery practices

HANDS-ON EXPERIENCE

- Worked with AWS services including EC2, S3, IAM, VPC, RDS, DynamoDB, and CloudWatch. Practiced deployment automation, monitoring, Docker, Kubernetes, Terraform, Linux administration, and CI/CD workflows through real-time cloud and DevOps practice sessions

SUMMARY

AWS and DevOps enthusiast with hands-on knowledge in cloud infrastructure, CI/CD pipelines, deployment automation, and Linux environments. Seeking an entry-level Cloud or DevOps Engineer role

SKILLS

Cloud

AWS EC2 S3 IAM VPC
RDS DynamoDB CloudWatch

DevOps

Docker Kubernetes Jenkins
Terraform CI/CD

Version Control

Git GitHub

Operating System

Linux

CERTIFICATIONS

Cloud Computing Certification

Besant Technologies

LANGUAGES

English

Proficient

Telugu

Native
